The interface is very familiar to regular Browsers.. The EasyYPG is a new browser extension for Firefox. The EasyYPG is designed to be the easiest, most powerful Media Player/Player in the World! It supports the following file formats: MP3, AVI, FLV, OGG, WAV and ALAC/Apple Lossless. Google Chrome Frame is a new browser extension that provides an alternative way to display web pages. Instead of loading web pages in the browser directly from the Internet, it loads pages in an iframe inside a Google Chrome browser window.Q: Why I can not get id attribute value to show in text area in codeigniter I have a form where two fields are under a single form. When someone enters a number to the first text field, it should be displayed in the second text area. In the form I have given the id field, but the value of the first textfield is not showing in the second textarea. I have written the code as below: View: b7e8df5c8
